

St Raphael's Catholic Primary School PE and Sport Funding

Summary Report 2017 18

The government is determined to secure a significant and lasting legacy from the very successful 2012 Olympic and Paralympic Games that were held in London. In order to achieve this and improve the provision of PE and sport in primary schools, a sports premium has been paid to each school in the country. In our school the funding amount received from TMBC in the financial year 2017-2018 amounted to £13,967. Funding for 2018-2019 has been confirmed by TMBC as £17,640.

At St. Raphael's Catholic Primary school, we believe that sport plays an important part as it contributes to the health and well-being of our children. Sporting excellence and participation, alongside opportunities for team building and personal development, go hand in hand with academic standards. The funding allows us to continue and enhance the already good provision at the school.

Our sport premium funding will allow us to:

- Provide high quality physical education for each child through carefully targeted curriculum support in all areas of P.E. and games teaching.
- Support learning and health and well-being through a range of opportunities before, during and after school.
- Offer competitive opportunities to our children.
- Focus on the importance of a healthy, active lifestyle.

Specifically, we have used Sport Premium to strengthen and improve our provision in the following ways:

- To provide a specialist, peripatetic teacher to teach high quality P.E. to classes throughout the school.
- In providing specialist professional development opportunities for teachers in P.E. and Games.
- To buy into the School Games Organisation which provides opportunities for our school to compete with other regional schools in a range of Sports.
- To employ professional coaches to run afterschool Multi-sports and football clubs.
- In providing sporting opportunities during lunchtimes through purchasing equipment and employing staff.

The table below shows that there has been an over spend and this has been taken up through spending from the Pupil Premium fund.

Impact Statement

Over the course of the year, Sports Premium money has been used to provide the greatest impact towards raising attainment and improving the health and wellbeing of our children. Our PE coaches have provided examples of good practice in his lessons with children throughout EYFS, Key Stages One and Two. They have trained staff through team teaching and provided a wealth of advice and expertise in the subject. Consistently positive teacher feedback has demonstrated the success of having this type of support available in both developing our staff and teaching our children. This was done in addition to our PPA lesson cover and next year we will remove PE from the PPA cover so that all teachers will have the opportunity to team lessons every week.

Lessons observations show that teachers are appreciating this input. There is an improvement in their teaching of PE and the quality of the exercise within lessons and that there is a focus on increasing children's fitness levels, a national target. Lessons follow Tameside's agreed scheme of work and are taught so as to increase attainment across the full range of abilities.

Sport's Premium money has also been spent in providing after school activities. These clubs have shown an increase in take up compared to figures from before Sport Premium. Our outside sports providers has continued to have a great deal of children in the clubs in the last year, covering all age ranges.

St Raphael's Catholic Primary School PE and Sport Funding

Summary Report 2017 18

Lunchtime behaviour has continued to be excellent in 2017 18 as a result of the sport provision. Co-operation and the raising of fitness levels is encouraged. Standards of behaviour on the playground and in afternoon classes have increased as a result.

Primary school experiences are pivotal to the children's future perception of physical activity and we believe that children leave our school equipped to enjoy sport for all its health and social benefits. For those who relish the competitive element, they gain the skills, confidence and relevant experience to succeed at their chosen level and discipline.

Provision	Number of pupils taking part	Amount
To provide high quality PE teaching by employing a specialist P.E. provider delivery of staff training and development across KS1 and 2	FS1 to Y6	£5,000 per year
